VENN DIAGRAM

Baby Boomers v Gen X

By: Jenn Chick

Items:

- Less focus on college readiness
- Prep for college, career
- Parents encouraged college attendance
- College helped get job
- College not needed for job
- Self expectations to further learning
- Self expectations to do best
- 20-25 students per class
- Lecture, notes, tests--teaching style
- Typical teaching strategies weren't suited
- Liked teachers with high expectations
- Liked teachers who used hands on methods
- Limited ethnic variety
- Variety in SES
- Mostly lower class
- Tracked according to career goals
- Responded indifferently to tracking
- Optimistic about tracking
- Wish college prep was more encouraged
